PROFESSIONALS

THE INVITING WORKSPACE

Good workspaces are more relevant today than ever before. Moving from the traditional to the inspirational, the inviting workspace is one that encourages communication, collaboration, and creativity.

UPLIFTING THE WORKING EXPERIENCE

The way we work is changing. And the demand for a more flexible and inspiring workspace is rising. Reshaping the office as an inviting and creative environment that people want to work in, our products reflect the needs of today to lift the working experience to new heights.

At Fritz Hansen, we believe that a workspace is enhanced by beautiful, functional, and high-quality design.

OXFORD™ & PLURALIS™

Good partnerships come with flexible and focused solutions that set the scene for the modern workspace. The Oxford™ chair and Pluralis™ table unite in beauty and function to optimise the working experience with inviting elegance.

A RELIABLE DESIGN LEGACY

Fritz Hansen has distinguished itself in the world of modern design through an unshakable commitment to beautiful, sophisticated, and functional products that lift the working experience.

As we look toward the future, we strive to continue finding innovative ways to join our expertise in making premium furniture with new technologies and more sustainable materials, so we can continue to offer our customers the very best.

Our legacy is not something we lean back on; it is, rather, what pushes us forward, motivating us to continually do better.

OXFORD™

Arne Jacobsen, 1965

The Oxford™ chair was originally designed in 1965 by Arne Jacobsen for St Catherine's College in England. As a chair for professors in a hallowed institution, it had to be not only comfortable to sit in, but also beautiful to look at.

Reimagined with premium office spaces in mind, the original design is upgraded to modern needs for customisation and comfort. Shaped to support the body as it sits, the classic design is optimised with increased lumbar support.

The Oxford™ chair is a perfect example of how design and function go hand in hand, creating a timeless expression of beauty that enhances your workspace.

The Oxford™ is GREENGUARD Gold Certified.

GREENGUARD Gold Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.

STYLE WITH A PURPOSE

OXFORD™

Combining minimalist design with modern technology, the Oxford™ chair is upgraded to ensure supreme sitting comfort.

Offered with a low or tall backrest, increased lumbar support and a longer seat for a more natural sitting posture. Tilt mechanism and adjustable seat height ensure better respond to different body types and activities, while multiple base colour and upholstery textile options allow for total customisation.

Available with a four-star fixed base as well as the classic five-star base with or without casters, that fit any table.

Please find full overview of models at fritzhansen.com. For more information contact your sales representative.

PLURALIS™

Kasper Salto, 2016/2021

DESIGNED FOR EVERY MEETING

The Pluralis™ table, designed by Kasper Salto, is made with room to grow. Transforming from a solo workstation to a generous conference table, the elegant, modern design is configurable in length and width to serve your workspace needs.

Set on supportive, angled legs retracted from the tabletop to create an inviting look, and additional central leg allows tabletops to be beautifully extended. New base colours offer more ways to customise, while perfectly complementing Fritz Hansen's products to create coherent spaces.

Pre-selected configurations make it easy to structure an office space, and an optional overhang provides additional seating space. Practical power solutions and cable management ensure streamlined simplicity and heightened productivity.
